

Year One

Dear Parents,

Rehearsals are in full swing for the winter concert and we've started learning the dances now too. We look forward to seeing you there on 11th December.

Maths

In maths this week we have learnt about 3D shapes. We have been able to name them, describe their properties using faces, vertices and edges. We have looked at everyday 3D shapes and sorted them.

Talking point: What 3D shapes can you find around your home?

English

In **English** this week we have finished our everywhere bear story by making postcards from the Everywhere bear to the class and describing where we had been on our adventures.

Phonics: U-E (flute and cube), I (long I - like in find, kind), o (long o like in gold, hold)

History: In History this week we have written sentences describing our favourite toy. We thought about what it was made of and used adjectives to describe the materials properties.

Talking Point: Talk to your child about your favourite childhood toy – if you have any photos you could show them even better! How were your toys different to the toys they have now? If you have any old toys you'd like to share with the class we'd love to see them.

Notices

If you are able to help in Foxglove class they need a parent to change library books once a week. Please let us know.

Y1 Trip to St Luke's church 10th December – please make sure you have returned the permission slip. All classes need more helpers to come with us as well.
