

Year 4

Dear Parents & Carers,

In English, we have a new text! We have been reading 'Romeo and Juliet – A Shakespeare Story' retold by Andrew Matthews. Children have immersed themselves in this novel through debates, drama and letter writing!

In Maths, we have finished off our learning about perimeter and how to calculate this. We have now moved onto multiplying by 10 and 100.

All classes had their Pizza Express trip this week which was a success! Children enjoyed creating their pizzas and learning about the Pizza Express history. Thank you to those who volunteered to help 😊

Have a lovely weekend!

Year 4 Team 😊

Homework Reminder

There is no Mathletics this week as we will be sending home Maths books. Please use this time to catch up on any missed Mathletics and as a chance to read through your child's book to discuss their learning this half-term.

As part of our Electricity topic and ready for our Buzz-Wire games, we are asking if anyone has the game 'Operation' that can be brought into school please for children to analyse. We appreciate your help!
