

Year 4

Dear Parents & Carers,

In English, we have continued exploring the story of Romeo and Juliet with a focus on punctuating direct speech. We have enjoyed summarizing the story on a comic strip.

This week in Maths, we finished off multiplying and dividing by 0, 1, 10 and 100. We have started learning about our 6x tables with a focus on problem solving.

In Science, we predicted and investigated class materials and whether they are an electrical conductor or insulator.

We will be using the shoeboxes next week for our DT project, so please ensure your child has brought one in by **Tuesday 10th** at the **latest**. If you have more than one shoebox, please bring that in too.

Please remember to hand in consent forms for the Winter Concert to your class teacher. These should have been in by Friday 6th December. Thank you!

Have a lovely weekend!

Year 4 Team 😊

Homework Reminder

Please complete Mathletics. Please also continue practicing times tables. Over the next few weeks, we will be focusing on multiplication and division facts up to 12x12. Practicing these at home will support your child in class.
