

### This week

This week we have been recapping all the sounds taught so far.

We have also been practicing writing sentences using our tricky words.

Home Learning: Enjoy sharing lots of stories with your family and friends.

We would like to wish you a very Merry Christmas and a Happy New Year!

**Week ending**  
**20/12/19**

**Poppy, Bluebell and Sunflower Class**

### Well Done

A big well done to all of the reception children for completing a successful first term at school. They have all done so well and have fully embraced school life. We look forward to what spring term will bring!

### The Joel community:

Thank you so much for all the food donations. We have been talking about helping others who are less fortunate than ourselves. In the new year a member of the Joel community will come and talk to the children about how their donations have helped.

### Next Term Reminders:

Monday 6th Jan is an inset day.

Forest Fun will start from the week beginning 13th Jan. Please let us know if you are free to help.

Sunflower class will change to both sessions being on a Tuesday morning. Poppy class sessions will remain on Mondays and Fridays. Bluebells will continue on Tuesdays and Fridays.

### Next Term

Our topic next term is all about dinosaurs! If you have any books, pictures or artifacts which you would like to share please bring them in (named) for us to look at. Show and tell will be linked to this topic - but remember we always like to see certificates or special achievements either on Tapestry or in class!
