

Welcome back - 2020!

Welcome back and Happy New Year! We hope that you have had a lovely break and that you are feeling rested and full of energy ready for the Spring Term. We have lots of exciting activities planned!

Space!

We will be spending the next few weeks exploring our new topic of SPACE! We have launched it this week and the children are really enjoying it! We have talked about what we know and what we would like to find out too. We have been exploring asking and answering questions too. e.g Do you know what it is like in space? Would you like to live in space? Do you think it is hot or cold in space?

Forest Fun

On Wednesday we will begin our first Forest Fun session! We will explore the Fern Hill Secret Garden and do lots of fun outdoor activities each week. Each Wednesday please bring your child to school in clothes that you don't mind getting messy and please bring welly boots, a change of clothes and waterproof trousers (if you have them) to Daisy Class as we will be getting very messy and muddy!

Daisy Class

Self registration

To support the progress of name writing in Daisy, children will begin signing in each morning. Once the children have located their Daisy name card, they can use it to help them to write their name on the orange table near the door. Please support them as they get used to this new challenge and don't worry if they are still learning the letters in their names.

30 Hours Funding

Please find a link below to the gov.uk website with everything you need to know about eligibility and how to apply for 30 hours funding.

<https://www.gov.uk/apply-30-hours-free-tax-free-childcare>. Please inform the office of your updated code as soon as possible.

Sound of the Week!

This week we have learnt our first sound of the week - Aa! Each week we will be learning a new letter sound and a memorable song and action to go with it. We thought of lots of words that begin with 'a' including apple, alligator, ant and astronaut.

We even had a go at writing the letter 'a' using our magic fingers in an interactive whiteboard activity.
