

Year Two

Dear Parents / Carers,

We have had a great start to the Spring Term and we hope children have enjoyed their first full week back to school. Next week is Arts Week and children will be involved in a variety of creative and fun Art and Craft activities based on shape with a focus on Mondrian. We hope children enjoy what the week has to offer!

English

This week, we have completed our work on 'The Bear and the Piano'. We wrote our own version of the story over three days concentrating on using a range of conjunctions and adverbs in our writing. At the end of the week, we had a chance to use our imaginations and decide how the story would end.

Maths

We have continued our topic of 'Division'. We have been dividing by 2,5 and 10 using coins. We have also looked at making multiplication and division sentences. Next week we will focus on shape looking at the properties of 2D and 3D shapes.

Topic

This week, we have been learning facts about Florence Nightingale Mary Seacole. If you wish, a visit to the local library to get any books on this topic would be beneficial and children can use this information in class. Next Friday we will be enjoying the workshop about Florence Nightingale.

In Science, we looked at properties of materials and began to classify them according to their different uses. Please support this learning by asking children what things are made from in their home. For an investigation next week please could each child bring in a sock (any colour or size).

Deputy Headteacher's Award

There was no Celebration Assembly today – the awards will be back next week!

Notices

Class assemblies continue this half term. They are at **9.00 am on Thursdays** on the following dates:

January 30th - Heather Class

February 6th - Bracken Class
