

## Year Two

Dear Parents and Carers,

We hope you took the opportunity to come and look at our 'Maths in Art displays and enjoyed seeing our vibrant Mondrian inspired work. Well done to Bracken class on their 'lovely' assembly.

### English

In English this week, we have written our letters to Flat Stanley's cousin using high quality vocabulary and conversational phrases. Next week we will be planning our final piece of writing in a comic strip format.

### Maths

This week, we completed our work on 2D and 3D shapes by making comparisons between the different types of shape. Next week we will begin looking at fractions learning to recognize halves and quarters.

### Topic

In Science, we used our knowledge of material properties to design something using everyday objects. Next week we will be making them so please do continue to bring in a variety of materials.

Next week in history, we will be writing a letter in the character of Florence Nightingale to Queen Victoria.

### Notices

Your child's English and maths books are being sent home today. Please take the opportunity to review their progress over the weekend, make a comment and return them on **Monday 10<sup>th</sup> February**.

Look out for new **spelling lists** in your child's book bag next week. Thank you for continuing to work hard with your children – the **spelling journals** are looking great! We know some of you are beginning to fill your books so new ones have been ordered.
