

### Library Books

We have not visited the library this week as we have collected all the books in ready for half term. Please make sure that you have returned **ALL library books** to Daisy Class. We still have a number of books outstanding. Please have a look over half term for any you may have at home.

### Number of the week

Our number of the week this week was **number 9!** We loved meeting a new numberblock and exploring the number. We did some great counting!

### Sound of the week

This week we learnt our new sound 'i'. We thought of lots of words beginning with 'i' (ice cream, igloo, itchy, icy) We loved learning a new action, a new song and had a go at writing the letter 'i'

### Shapes

We reviewed our four main shapes - circle, triangle, square and rectangle. We counted how many sides they had and how we could tell the difference between a square and a rectangle. We made monsters using shapes, maybe you could make your own shape picture at home!

Daisy Class

### Valentine's Day

We indulged in all things red and sparkly on Friday when we learnt about Valentine's day and thought of those we love and why they are special to us. We played with red playdough, red sparkly sand and water and created lots of pictures using hearts!

### Next half term

This half term has flown by! It is hard to believe that we are half way through our year in Daisy Class. The children have grown up so much and are progressing by the day! Have a lovely half term break and we look forward to welcoming you back, hopefully with some warmer weather and a few signs of Spring next half term!

### Home Learning

We have been learning about lots of different numbers and shapes in Daisy Class. Could you go on a looking walk during half term to see if you can spot any shapes or numbers around you? These could be inside your home, door numbers, street signs...anything! Please draw what you have seen or bring in some photographs to add to our display!
