

Year One

Dear Parents,

Thank you for your support during this unusual circumstances. It has been great to see the children that were still attending school and we hope all the others are well.

Mathletics: Your child's mathletics logins are stuck into their home school learning diaries. We have assigned new work for the children. If you do not have your mathletics logins please contact the office.

Maths

In **Maths** this week, we have begun recognizing British coins and notes. The children have sorted the coins into pounds and pence as well as ordering them by value. We moved on to notes where we discussed colours and sizes. We were able to make equivalent amounts using both coins and notes e.g. one £5 note is the same as 5 £1 coins. Finally, we have begun to count coins of the same value to find an amount and compare using $<$, $>$ and $=$.

English: In English this week we have finished the story of The Lonely Beast by Chris Judge. The children have written a diary entry from the view point of the beast focusing on the suffix 'ed' and 'ing'. The children all wrote some great things. Well done!

Phonics: In phonics this week looked at: adding 'ing', 'es', and 'ed' to two and three syllable words.

Home Learning: Please look out for the home learning packs, if you are well please complete some of the activities whilst at home. Remember there is also the home learning grid on the website which also has lots of fun learning activities. We look forward to seeing what the children have done when we come back.

Notices: If your child has not been in school, we have put their PE Kit and any other personal items in a labelled bag. You will receive instructions via ParentPay about how and when to collect them.

We hope you enjoy the extended break and wish you Happy Easter.

The Year 1 Team
