

PLEASE label all of  
your child's belongings

### This Week

We have started to explore the book, 'A Mouse called Julian.' We have been focussing on looking at the pictures in detail and we did this for a few days before we even read the book. The children have made some really lovely pictures of the animals from the story.

### Next Week

We will continue to focus on the story 'A Mouse called Julian.' We will have a go at making story maps retelling the story using pictures and actions. We will also look at shapes which we see in the book, and then see if we can spot them in our own environment too!

### Forest Fun

This week in Forest Fun the children had a go at making homes for animals.

Thank you for labelling wellie boots and bags. We will leave boxes out on a Tuesday with the children's names on for you to put Forest Fun bags in.

Daisy Class

### Class Reps

Georgina's mum is our AM class rep and Betina's mum is our PM class rep. If you have not given them your contact details and would like to join the class WhatsApp group please see one of these mums or pop a note to the teachers and we can pass it on :)

### Tapestry

If your child has already been a focus child we hope that you have enjoyed looking at their pictures, observations and learning. Thank you so much for jumping on board and sharing pictures with us. It is so valuable for us to see what the children get up to at home too; for us to get a whole picture of your child's learning and development. So thank you very much!

I have been told that this year is the best year for parent participation on Tapestry in Daisy Class!! Please come and see Miss Evans if you have not managed to get on yet.

### Junk Modelling

This week the children have started to explore and create in the 'junk modelling' area. Please can you save us cereal boxes, tubes, washed out plastic food containers and any clean 'junk' for our creative area.

Thank you :)
