

Year 4

Dear Parents and Carers,

The children have worked very hard this week and we hope they have enjoyed all of their learning. We would like to wish all the children competing in Fern Speak next week, in the semi-finals and the finals, the very best of luck. They have shown great commitment and all put in so much effort - we are very proud indeed and can't wait to see their performances!

English

We have continued our novel as part of our whole class reading: 'Who Let the Gods Out'. We have been looking at a different chapter each day. In English, we learnt about 3 different ancient myths, the children chose their favourite and have spent the week planning and writing out their own news report based on the events from their chosen myth. We have drafted our writing in our draft books, edited it at the end of each lesson and have published it today.

Maths

This week, we have used our times table knowledge to tackle division. We have used place value counters and the part- part whole method to support children's understanding.

Foundation Subjects

In science this week, we investigated how sound travels and the job of the ear. We learnt about the different parts of the ear and the important role each part plays.

Notices & Reminders

Please hear your child read and sign the reading record in their Home-School Notebook. We still have children who are not filling this in or not being heard reading by an adult at home.

The children have been assigned Mathletics homework. Please take a look over the weekend.

Diamond Work Award

Chestnut: Olivia G & Sophia P **Larch:** Umair & Mai **Yew:** Martha & Timeea
