

Year 5

Dear Parents and Carers,

This week we have been continuing to ease ourselves back into our daily school routines. We are continuing with the Reconnect and Recover theme in PSHE and we are focussing on kindness and respect for others, as well as learning to recognise and acknowledge the many different emotions, which might be feeling.

This culminated today with Comic Relief and Red Nose Day. The children had fun in red, but also learned a little about charities and charitable giving (which linked to our current RE topic too). Please remember to donate for wearing mufti on the school's Just Giving page. You will find the link in the whole school newsletter and the website.

Can we please make a small plea for re-stocking pencil cases this weekend? The essentials are x2 pencils, x2 whiteboard pens and a small glue stick. Thank you so much!

Have a lovely weekend!

English

We have been continuing with a new unit of work in English based on the book 'Here We Are' by Oliver Jeffers. This book is about relating to our planet and the people in our world.

Maths

In maths, we are continuing to work on multiplying and dividing with decimals.

Foundation Subjects

The children have been exploring earthquakes in geography and we investigated reversible and irreversible changes in materials in science.

Notices & Reminders

Please remember that your child should have a waterproof coat with them every day, so that we can go out for fresh air and a run-around, even when it is slightly damp. Thanks.
