

Year 5

Dear Parents and Carers,

This will be the last newsletter of the term - these few weeks back have flown by so quickly!

We all want to say how resilient the children have been this week during their assessments. They have worked so hard and they have shown such a responsible attitude towards this challenge. Well done to them all!

We will be making Easter bonnets next week and Mr Scott is going to visit every class on Wednesday to see them and award some prizes! We will put some photos onto the Year 5 Google Classroom afterwards for you to see.

Please note that the Google Classroom is still available to access from home, should you wish to revisit any materials. We have posted a lovely book suggestion list this week (look in Classwork to find it) and we will be adding the spelling words next term, as well as the home learning grid.

Have a lovely weekend!

Assessments

Maths

Assessments

Foundation Subjects

The children have been continuing to explore earthquakes in Geography and we investigated changes to materials, via evaporation and condensation, in Science.

Notices & Reminders

Don't forget to top up pencil cases over the holidays, please. Thanks.
