

Check out our new 'Star Work' board. We will change it each Friday 😊

### This Week

We have been looking at the story 'Horray for Fish.' We have looked at the different patterns on the fish and had a go at making our own patterned fish.

### Next Week

We'll be continuing to explore the story of 'Horray for Fish' and our underwater tour of fishy friends - spotty and stripy, happy and gripy, hairy and scary, even curly whirly and twisty twirly!

### Literacy

We have thought of adjectives to describe the fish in our story.

We have played a new listening game called 'Guess Who?' One child says, 'Hello everybody' and the rest of the class needs to guess who said it!

### Forest Fun

This week in Forest Fun the children made their own streamers. They had a go at making different shapes and different letters. Can they have a go at making large movements with their streamer? It is a great way to help to develop their gross motor skills!

### Tapestry

Thank you to everybody who has been contributing to their child's Learning Journal. It really helps us to get a full picture of your children. We now have 'focus children' back up and running so we will let you know when it's your child's focus week. Please feel free to share pictures and videos with us any time. We love seeing them and sharing them with the class :)

### NSPCC Number Day

The children had a great day today exploring numbers all around our environment. We had some very creative number themed clothes too! We did lots of problem solving today!
