

This week's sounds

This week we have introduced more trigraphs *air, ear, ure*. Can you spot any of these sounds in your story books and/or reading books?

Growing seeds and beans.

Our seeds and beans are beginning to grow. There was lots of excitement as the children are seeing tiny shoots growing from the soil. Some of our beans are even beginning to shoot! Watch this space and prepare for plants coming home soon!

Literacy this week...

We found a leaf letter from *The Tiny Seed* by Eric Carle asking for our help. The children have been writing a leaflet to help other seeds survive.

Reading diaries: Please remember to write a comment or sign/initial to let us know you have read with your child at home.

Weekly News 7th May 2021

Poppy, Bluebell and
Sunflower Class

Birthday treats!

Just a little reminder we are not able to give sweet treats out to the children!

If you want to give a class gift can we suggest non edible treats? Stickers, bubbles or balloons would be very popular!

Caterpillar watch

Our little caterpillars are growing bigger. Ask the children how much they have grown! We will continue to watch them closely, observing their wonderful transformation and learning about their life cycle first hand.

Maths

The children are continuing to learn about teen numbers. Our focus is on 13 and beyond using a variety of resources. We are using the term tens and ones. For example, 13 is one full ten and 3 ones. We are seeing and making patterns.
