

### This week's sounds

We have introduced the children to compound words, eg. starfish, windmill, lunchbox etc. We are also learning about syllables and reading and writing polysyllabic words, eg. children, tablet etc. As we are rounding up the year we are consolidating our learning of all sounds, digraphs and trigraphs too and are practising writing them regularly.

### Maths

We have been consolidating our work on doubles, halves and odd and even numbers. We have had fun using pirates' coins and mermaids' jewellery to help us. You could have a go at sharing or halving at home with fruits or snacks.

## Weekly News 25th June 2021

Poppy, Bluebell and  
Sunflower Class

### This Week

We have started a new text with a pirate theme: The Night Pirates. The children arrived in class to find a rolled up treasure map with a message! We have been writing speech bubbles, simple sentences, and lots of phonic work has also been incorporated into the lessons.

### Forest Fun

We have started Forest Fun. Please remember to bring wellies and/or suncream and hats if appropriate. If the weather is bad we will endeavour to fit a session in at another time.

### Sports Day & Assemblies

We are planning to share our assemblies with you on Thursday 8th July. The children are busy learning songs, poems and much more to show you!

Our Sports Day will be on 7th July. Sadly, parents will not be allowed on site but we will upload photos and videos for you to see of course!

### Pirate Day

Arragh me Hearty!!!! Thank you all for your contributions! Our Pirate day is going ahead and will be on Thursday 1st July. We are hoping the children will dress up as pirates and enjoy a real swashbuckling day!

(Please remember to label the pirates gear.....we don't want Polly Parrot flying off with any left clothing!)
